# Boost skills and increase productivity

**Skills Support for the Workforce can help your business reach its potential through free qualifications and training for adults in Tees Valley.**

By developing and implementing bespoke, fully-funded training plans this programme will meet all of your current and long-term skills needs, allowing your business to thrive by maximising productivity.

If you're a small to medium sized business based in the region, you will receive access to a broad range of training and qualifications, fully funded by the European Social Fund.
