16-week programme

Subject	No. of weeks	Content
Pre-arrival		
Sign up with CITB Apprenticeship Officer	–	Sign up, Travel, Expenses, Accommodation (As required)
Block 1: Weeks 1-2		
Induction	2	Site induction; study skills; HSW basics (HASAWA, WHR, asbestos, manual handling, noise and vibration, fire awareness, COSHH); PPE/RPE; occupational health; small tools/equipment; storage principles Health and Safety; RAMS; Portfolio development; Introduction to SVQ, Induction to practical training
Remote, independent and work-based learning		Onsite Practical training and Experience
Block 2: Weeks 3-4		
Basics of Dry Lining	1	Introduction to Dry Lining Industry. Theory and practical exercises. Literacy and Numeracy.
Health and Safety	1	Introduction to Manual Handling, Acts & regulations, Safety Inspections. Productive working practices. Theory and Practical training sessions. Literacy and Numeracy.
Remote, independent and work-based learning	–	Onsite Practical training and Experience
Block 3: Weeks 5 - 6		
Setting out	1	Introduction to Levelling Equipment, Lasers, Installing metal and boards, Calculations, Theory and Practical sessions, Literacy and Numeracy. Assessments

Encasements, How to handle and store resources	1	Introduction to encasements, fixing, materials, uses. Theory and Practical training sessions. Literacy and Numeracy. Move handle and store resources. Practical and Theory sessions.
Remote, independent and work-based learning	–	Onsite Practical training and Experience
Block 4: Weeks 7- 8		
Encasements and how to be productive in workplace.	1	Installation of encasements, measuring, fixing, materials, uses. Theory and Practical training sessions. Literacy and Numeracy. Move handle and store resources. Practical and Theory sessions..
Installing Partitions	1	Installation of partitions, measuring, cutting, fixing, metal stud, sheet materials, boards, materials, uses. Theory and Practical training sessions. Literacy and Numeracy. Move handle and store resources. Practical and Theory sessions..
Remote, independent and work-based Learning	–	Onsite Practical training and Experience. SVQ Portfolio Gathering Evidence
Block 5: Weeks 9 - 10		
Installing Partitions and metal furring ceilings	1	Installation of partitions, measuring, cutting, fixing, metal stud, sheet materials, boards, materials, uses. Theory and Practical training sessions. Literacy and Numeracy. Move handle and store resources. Practical and Theory sessions..Assessments
Introduction to Shaft wall	1	Installation of shaftwall, measuring, cutting, fixing, metal stud, sheet materials, boards, materials, uses. Theory and Practical training sessions. Literacy and Numeracy. Practical and Theory sessions..Assessments
Remote, independent and work-based Learning	–	Onsite Practical training and Experience. SVQ Portfolio Gathering Evidence. Submitting evidence for review.
Block 6: Weeks 11 - 12		
Shaft Wall/Assessments	1	Installation of shaftwall, measuring, cutting, fixing, metal stud, sheet materials, boards, materials, uses. Theory and Practical training sessions. Literacy and Numeracy. Practical and Theory sessions..Assessments

Shaft Wall/Assessments	1	Installation of shaftwall, measuring, cutting, fixing, metal stud, sheet materials, boards, materials, uses. Theory and Practical training sessions. Literacy and Numeracy. Practical and Theory sessions..Assessments
Remote, independent and work-based Learning	–	Onsite Practical training and Experience. SVQ Portfolio Gathering Evidence. Submitting evidence for review.
Block 7: Weeks 13 - 14		
Encasements	1	Installation of encasements, measuring, cutting, fixing, metal stud, sheet materials, boards, materials, uses. Theory and Practical training sessions. Literacy and Numeracy. Practical and Theory sessions..Assessments
Metal Furring and Bulkheads	1	Installation of metal furring and bulkheads, measuring, cutting, fixing, metal stud, sheet materials, boards, materials, uses. Theory and Practical training sessions. Literacy and Numeracy. Practical and Theory sessions..Assessments
Remote, independent and work-based Learning	–	Onsite Practical training and Experience. SVQ Portfolio Gathering Evidence. Submitting evidence for review.
Block 8: Weeks 15 - 16		
Health and Safety/Assessments	1	Health and safety regulations codes of practice, employees rights and responsibilities Theory and Practical training sessions. Literacy and Numeracy. Practical and Theory sessions..Assessments
Encasements/Assessments	1	Assessment of Installation of encasements, measuring, cutting, fixing, metal stud, sheet materials, boards, materials, uses. Theory and Practical training sessions. Literacy and Numeracy. Practical and Theory sessions..Assessments
Work-based SVQ Assessment	–	Onsite Practical training and Experience. SVQ Portfolio Gathering Evidence. Submitting evidence for Assessment.
